<b>Domain</b>	:	Wholesale Banking

## PROFESSIONAL EXPERIENCE

---

<b>Wells Fargo EGS, Bengaluru</b> System QA Analyst	<b>2018 – Present</b>
--	-----------------------

Currently I am working in Wells Fargo as System QA Analyst. I am working on **Customer Relationship management (CRM)** application. This application is mainly used for managing the company's interaction with current and potential customers. It uses data analysis about

customer's history with a company to improve business relationships with customers, specifically focusing on customer retention and ultimately driving sales growth. Following are my responsibilities:

- Understating and Analyzing the AUT (Application Under Test) In terms of Identifying Elements.
- Implemented automation script for application using Selenium WebDriver, JAVA, Cucumber, Maven.
- Managing and maintaining automation scripts.
- Reporting and Tracking defects in JIRA.
- Debugging and Running Tests.
- Analyzing Test Results and Test Report.

### **Siemens technology and service pvt. ltd., Bengaluru**

**2016 – 2018**

Software Test Specialist

I started as software test specialist in Siemens and I worked on **Advanced Process Library (APL)**. It is the standard DCS library for implementing automation and process control solutions. In this project I was responsible for:

- End to end portal functionality validations.
- Writing and managing test cases. Writing Test Scripts using Selenium.
- Test case management using TestNG along with Batch/Group and Parallel execution.
- Extensive use of TFS in filing bugs along with determining urgency level and regular follow up with developers ensuring that resolution goes out within specific timeline.
- Identifying training needs and conducting training programs for team members
- Providing Automation solution to areas where an interface involvement is required.
- Preparing Design and Requirement Document for Interface Automation.

### **EDUCATION**

---

#### **Mangalayatan University, Aligarh**

**2011 – 2015**

B. Tech in Computer Science and Engineering

Marks Scored: 78.24%
